this book contains the most comprehensive question bank and model answers for zimsec a level exam questions it also includes syllabus review notes and exercises examiners provide observations and tips and point out common errors that students make when answering questions if you use this book faithfully you can't fail and the grade a is very much within your reach

first published in 1999 routledge is an imprint of taylor francis an informa company

first published in 1980 this book questions many of the assumptions that have accumulated around the subject of intonation as it occurs in spontaneous speech as well as texts read aloud the book suggests alternative ways of examining the subject and primarily uses data derived from edinburgh speech which is explicitly compared with descriptions of standard southern english the book critically examines many conventional assumptions made about the formal features of intonation particularly tonic or primary stress and about the functions of intonation specifically rising intonation a model of intonation is presented which demonstrates that the limited resources of intonation are exploited by several different expressive systems this approach is justified in detailed analysis of extensive stretches of speech supported by instrumental analysis as well as by experiments which elicit judgements by both naïve and phonetically trained judges this book will be of interest to students of linguistics english language speech therapy and english as a foreign language as well as historians interested in the history of language

questions about language sets out to answer in a readable yet insightful format a series of vital questions about language some of which language specialists are regularly asked and some of which are so surprising that only the specialists think about them in this handy guide sixteen language experts answer challenging questions about language from what makes a language a language to do people swear because they don't know enough words illustrating the complexity of human language and the way in which we use it the twelve chapters each end with a section on further reading for anyone interested in following up on the topic

covering core questions about language this is essential reading for both students new to language and linguistics and the interested general reader

this book is an introduction to the relationship between the morphosyntactic properties of sentences and their associated illocutionary forces or force potentials the volume begins with several chapters dedicated to important theoretical and methodological issues such as sentence and utterance meaning illocutionary force clause types and cross linguistic comparison the bulk of the book is then composed of chapter length case studies that systematically investigate typologically prominent clause types and their forces such as declaratives and assertions interrogatives and questions and imperatives and commands these case studies begin with an overview of the necessary theoretical foundations followed by a discussion of the grammatical structures of english and an assessment of the relevant cross linguistic facts each chapter ends with a succinct summary of the most important findings practice exercises and recommendations for further reading and research overall the book works towards developing a gradient model of clause types that goes substantially beyond the traditional distinction between major and minor clause types it draws on insights from linguistics philosophy and sociology and may be used as a textbook for undergraduate or graduate courses in semantics pragmatics and morphosyntax

material in a range of accents available on audio cd

this monograph offers a comprehensive account of the I1 acquisition and use of yes no questions in english from a usage based construction grammar perspective on the basis of the bnc and a high density longitudinal childe corpus the book explores two issues which have largely been neglected in previous research 1 the prevalence of non canonical questions such as elliptical and declarative questions in adult to adult as well as child directed speech and the I1 acquisition of these structures 2 the discourse functional properties of both canonical and non canonical yes no questions especially with regard to their influence on the acquisition process

this book analyzes a rise in china s grand strategy for the early twenty first century and considers its consequences for international peace and security as well as the challenges it poses for policymakers
